GUTHRIE CROWD

AT STILLWATER.

How the Ritterbusch Party Was Entertained in Payne's Capital.
Stillwater, Okla., Aug. 8.—The Gazette says:

One of the most unique visits to this city for many moons was made yesterday evening and last night and all were the guests of Wm. Ritterbusch and wife of this city. Mr. Ritterbusch being a German invited his Guthrie German friends to Stillwater to spend an evening of enjoyment.

These jolly people chartered a car at Guthrie and came up on the 4:35 passenger train yesterday evening and were at once driven to the Yount hotel where they were to be entertained for the evening banquet.

There were over thirty-five of them in the crowd and a more pleasant lot of people could not have been assembled together. There were old men and their wives and young men and their sweethearts and everyone out for a good sociable time, which was evidently had and from the time they reached this place until they made their departure this morning at 7:25 o'clock they were enjoying themselves. The banquet at the Yount hotel under the management of Proprietor Williams and his wife was an excellent one and the table was spread with everything nice, with fine wines in connection.

Wm. Ritterbusch of this place, Mr. and Mrs. Williams of the hotel and everyone else who could, made things in the city as pleasant for them as possible. At the banquet, forty plates were set, several of Stillwater's invited guests being present.

Numerous toasts were given during the time the most of them being in German, and while not understood by any but the Germans they were listened to with pleasure by the balance.

After the banquet the guests went to the hall over the Ritterbusch saloon and spent the balance of the evening in dancing.

The guests from Guthrie at the banquet were as follows:

Mr. and Mrs. Fred Ritterbusch.
Mr. and Mrs. Gus Ritterbusch.
Mr. and Mrs. Henry Ritterbusch.

GREAT BRITAIN'S OBJECTIONS.

Primary Cause of Delay in Signing the Chinese Protocol.
[By Associated Press.]

Washington, Aug. 10.—A cablegram received from Rock Hill la e yesterday reports that delay in signing the final protocol agreement between the powers and China is due to objections raised by Great Britain against the international committee for a revision of the tariff. The nature of the British objection is not stated. It also appears that the British government asks the reconsideration of some clause on which no agreement has heretofore been reached owing to the opposition of the several powers.

INSULAR POLICE COMPLIMENTED

Fast Becoming Important Factor in Restoring Good Order.

[By Associated Press.]

Washington, Aug. 10.—The war department has received a report forwarded by General MacArthur from Manila, showing the condition and results achieved by the native police for the months of April and May. It shows the force is fast becoming an important factor in restoring good order in a locality which for years has been regarded as unsafe for both men and property. Generals Wheaton, J. H. Smith, Funston, Grant, Bates, Wade and Sumner, speak highly of the efficiency and loyalty of the police, particular reference being made to their capture of bands of insurgents.

GROWING TOWN OF HOBART.

Despite the Great Crowd Little Disorder and Few Arrests.

[By Associated Press.]

Hobart, Okla., Aug. 10.—Hobart is a town of 5,000 persons, and more are coming in on every train from the east. Tents and temporary frame buildings are erected so rapidly that when a person is absent from his camp for any length of time he has difficulty in finding it on his return, because of the changed surroundings.

William James, of Brookfield, Mo., took a nap yesterday afternoon in his tent and when he awoke three new tents had been staked and one frame building erected adjoining his camp. He did not know the place, and with difficulty his friends assured him that he was still in Hobart.

At the sale of lots yesterday women and farmers were the most persistent buyers. Business men would not buy and did not attend the sale in the afternoon. The large crowd is peaceable and orderly and as yet few arrests have been made. Sheriff Hobbs says he has never seen so large a crowd that needed so few officers.

Prosecuting Attorney Keys had the first house on the townsite, having erected an office on the square yesterday.

AN ARKANSAS CITY ROMANCE.

Romantic Affair That Has Started the Town's Social Circle.

Arkansas City Traveler: Monday morning it was rumored that Attorney H. S. Hines, of this city, was to be married that evening and the guess (on very naturally arose to whom was he to be married.

For a number of years Mr. Hines has been a resident of this city, and no suspicion so far as the Traveler knows, has ever been entertained that he was not legally married to the excellent lady who he has recognized and called his wife ever since his arrival here.

Yesterday morning the Traveler learned upon excellent authority that the marriage was celebrated the evening before by Justice J. H. Dunn. It being a matter of record and of public interest, a reporter called upon Judge Dunn for the facts. The judge, with consummate nerve, informed the reporter that he had not performed the marriage ceremony and did not know anything about the alleged marriage.

Later in the day Mr. Hines called on the Traveler and stated that he and his wife were remarried the evening before by Judge Dunn, and that in justice to himself and wife they desired to make a statement to the public over their own signatures which is given below:

In the course of human events many strange things come before us that are strange and difficult for others to understand.

To settle all question of the validity of our former marriage, the undersigned were again married by Judge John H. Dunn, Arkansas City, on the evening of August 5, at Arkansas City, Kas.

This may seem strange, indeed to others, but we felt that it was a duty we owed to ourselves, children, society and the public as well.

The facts that led to the necessity of this action were that a decree of divorce was granted to Hettie J. Hines as against Horatio S. Hines, in February, A. D. 1893. The undersigned were married in 1894. In 1900 the decree of divorce between Hettie J. Hines was set aside upon the application of Hettie J. Hines, and afterward another decree granted, leaving a technical question as to the validity of our former marriage, and in as much as we felt that we have done no wrong and that the public is entitled to know the facts, we therefore subscribe ourselves as respectfully,

Horatio S. Hines,
Willie E. Hines,
Husband and Wife.

"Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments can not reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. The Plot Through which King Humbert Was Killed Laid Bare.

[By Associated Press.]

Paris, Aug. 10.—A dispatch from Rome says that the Anarchist Giannotti, charged at Milan with being an accomplice to Bresci, in the assassination of King Humbert, has confessed. He admits he left Patterson, N. J. in company with Bresci, and that they went together to Monza, near Milan. Giannotti started a street row at Monza the day of the murder in order to distract the attention of the police while Bresci killed the king.

Does It Pay to Buy Cheap?

Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boecher's German Syrup." A POLISH PIPE DREAM.

[By Associated Press.]

Washington, Aug. 10.—It is stated at the treasury department that there is no truth in the story published yesterday morning that a young Pole named Dembitzky, said to be the heir of Baron Ludwig Napoleon Dembitzky, has a credit of more than two million dollars in the United States Treasury. It is pointed out that the government never receives private deposits of any character.
